# FOREWORD

**T**RANSITION has been the feature of our stay at Haverford. Some of us had our initial college days interrupted by service for our country. More recently, all of us have contributed to the post-war return to normalcy of college activities and athletics. In Roberts Hall, new officers of administration have joined Mac and they have shared with us the problems of readjustment.

Apart from these changes, Haverford's spiritual environment has remained undisturbed and its academic opportunities have continued to prosper. It has been our purpose and privilege to benefit from them.

Perhaps we haven't done so badly. Rufus Jones was heard to say last year that the quality of the student body was higher than ever. With all due credit to the "cream of the crop" Rhinie classes that have followed us, we trust that a share of the compliment may be ours.

It is now time to move from behind Mac's "Academic Curtain." Before we go, we pause to leave our RECORD of '49 . . .

# DEDICAT

DOC LEAKE RAGLAND, a self styled "damn good man," has been at Haverford since the spring of 1919. He baits Rhinies with glee, tapes bum ankles with amazing skill, chews out gold-bricks, and gives extra encouragement to the members of Haverford's athletic teams.

The upkeep and responsibility of our revered gym have been in Doc's capable hands along with his myriad other duties. A jack-of-all-trades, he is equally at home shaping shoulder pads to muscular necks, giving a famous "charlie horse" massage, and paying polished compliments from behind a bowl of Leake-mixed punch. His sense of humor, though at times most biting, has a good-natured twist and serves to prove that the master of repartee is not always found in an English course. Leake carries out his own Customs Committee policy; when he blasts, the Rhinies jump. However, a throaty chuckle carrying no malice follows each reprimand, and if a request for "white stuff" caused the flare-up, it is always delivered in spite of Doc's assertions to the contrary.

Doc Leake is forever firing the imaginations of those who compete for the Scarlet and Black with his stories of other winning Haverford teams and the sparkplugs who led them to victory. His boundless supply of facts and figures is borne out by the collection of team pictures, programs, and tattered clippings in his training room. Leake has no difficulty in connecting names, classes, and activities of returning grads who are again haunted by the musty scent of locker room and wintergreen.

His deep attachment to Haverford and a genuine human touch give Doc Leake the number one position in the eyes of the class of '49.

## FACULTY

WEBSTER'S DICTIONARY makes the profound statement that a professor is "A person who professes . . . a person who publicly teaches. . . ." And while this definition is very sound and scientific, it is rather limited; and we here at Haverford have been made more aware during this last year that a professor is not merely a nervous, graying, brany individual who comes in two convenient forms—with and without spectacles.

Indeed, one of the high spots of the year was the new Campus Day, during which our faculty exhibited a range of talents considerably beyond Webster's definition. Who will soon forget, for instance, the display of painting technique offered up by a dungaree-clad president of Haverford College, whose name we shall not mention? The spread of faculty extracurricular activity was wide, from the uprooting of poison ivy to the felling of trees in the Haverford Black Forest.

Our ideas about the versatility of professors received a further boost when we listened to

accounts of the experiences of several professors who returned this year from sabbatical leaves.

We found out that Ralph Sargent had completed his Shakespearian research and had replaced his "Do Not Disturb" sign with a "Welcome" mat; that Arnold Post had returned from California to recuperate from his Thursday to Tuesday week ends; that John Kelly had barely made the boat back to the States as a result of trying to evade cigarette-seeking Frauleins; that Douglas Steere, under the sponsorship of the American Friends' Service Committee, had traveled throughout Europe and Finland checking up on the activities of Howard Teaf; and that Cletus "Lone Star" Oakley had spent much of his vacation time in Mexico, a place which, as he mentioned, is located in lower Texas.

So, considering the evidence, we may have to write the dictionary publishers a letter and enclose the following, "Professor: a sub-species of homo-sapiens which professionally professes to make a living, but which, in its spare time, exhibits strangely human characteristics."

# A TRIBUTE

*Rufus M. Jones*  
*(1863-1948)*

WE THE STUDENTS, those with whom his thoughts constantly lay, are acutely aware of the absence of Rufus Jones, our teacher, spiritual guide and friend. We have known an example of greatness in our time, and can but inadequately express praise for a life which speaks so well for itself. He has left with us a legacy, an impression which will always remain.

The emphasis placed by Rufus upon the positive, upon youth and upon progress, can be found in some of his last written words. The friendly voice that so enthusiastically told of the Maine sunsets and the 23rd psalm is still familiar to us as it says:

*One trouble with now is that we move for the most part in the grooves of habit. We go on doing what has been done before. We lack freshness and creative power . . . I see nothing for it but that we must once more become inwardly alive, freshly creative, quick with expectation, beating out new paths, new trails for the souls of men weary of the old world and its deadly forms, and its habit of staggering from one war to another one.*

These words might well have been directed to a class about to leave Haverford. Our constant awareness of them will be a most fitting tribute to him.

## In Memoriam

SERGEI C. THOMAS

The rapid passing of a pleasant April week end was sadly interrupted last spring, as the Haverford community learned of the tragic death of our classmate, Sergei C. Thomas, after a canoe upset on the Delaware.

Sergei's mark at Haverford was high and enviable. Not only a good student, he was a leader in campus relief drives, and a regular on the soccer team.

Sergei was guided by a strong faith and inspired by courageous conviction. He was a devoted member of the Society of Friends and a forceful worker for peace.

His life won constant admiration and will remain a lasting inspiration for all of us.

# JUNIORS

THIS GROUP IS WELL GIFTED with that evasive yet desirable quality, "spirit," and they will be mighty worthy recipients of the collective crown, "Seniors." Last year, their clever take-off of a political convention was judged the best of the Class Night shows, and already this winter they have retained the Class Day award for winter athletic competition. Their two teams were 1-2 in the Intramural Football League.

With these boys at the helm, the coming "Junior Cruise" (including Class Night and the Junior Prom) should be a bang-up affair.

# SOPHOMORES

THE HAVERFORD "extra" curriculum gives sophomores two early opportunities to prove their mettle as upperclassmen. One is the annual "education" of a group known as Rhinies, and the other is the management of the first event on the Haverford social card.

As for their progress on the first, we refer you to any member of the class of '32. As for the second, we can truthfully report "Well done!" Aided by a rousing shutout on the gridiron over Hamilton, the "Fall Frolic" was just the thing for a victory occasion.

# FRESHMEN

MAC RECRUITED THEM from as far as France and Greece, 123 in all. After secondary preliminaries in Roberts, the Customs Committee promptly red-capped and bow-tied them—making them officially Rhinies. Thirty-seven were reportedly told by Pop Haddleton, “You have just the build for a quarter-miler.” And they, of course, were really in.

The Rhinies gave their first formal display of talent with Club Founders performances entitled “Who Took a Hike on Lancaster Pike?” and “The Adventures of Peter Gould.”

The subjection of a Customs Committee man to an automobile hike was their most violent opposition to indoctrination. However, by Swarthmore time, this was thoroughly completed, and the class of '52 was an integral part of Haverford.

## STUDENTS' COUNCIL

JUST THE OTHER DAY an alumnus who had just completed a tour of the College was heard to remark, "My! There have been a lot of changes made around here since my day." And this gentleman was not graduated in 1888, but in June of 1948.

Yes, this has been a year of change and expansion at Haverford College. The Dining Hall system has been subjected to a number of sweeping changes. The Co-op has been equipped and furnished in a manner which has helped considerably to ease the loss of "The Straw." In addition, a television set and a tape recorder have been made available to the students.

And though students are undoubtedly aware of these improvements, they are not always aware of the part which the Students' Council has played in bringing them about.

Under the able direction of President Steve Miller, the Council has met a number of important problems and solved them efficiently.

The alleviation of the unpleasant situation which existed in the Dining Hall during the early part of the first semester may be credited to Council en-

deavors. Council funds were used to buy a tape recorder last December, and a workable system for its use by the various groups was drawn up. This organization also has seen to it that the television set was kept in working condition; and though credit for securing equipment for the Co-op belongs for the most part in other quarters, Council action produced the picture mountings and the photographs which recently have been installed.

Also, a new plan whereby all dormitories are represented on the Council was put into effect this year. Dorms not having members elected by the Class or by the Students' Association are entitled to choose one non-voting Council member, whose function is to keep his dorm posted on Council actions and to represent the dorm in all discussions.

There are other similar improvements in both physical plant and College life which have been brought about quietly, unheralded. But when a student notices an improvement and says, "Gee, that's something new! I wonder who thought of doing that?"—you can almost lay bets that the Students' Council had a hand in it.

"THAT WAS C SHARP, not C natural. Sing this the way Haydn wrote it, if you don't mind." "Why don't you make music instead of horrid noises?" These and similar imprecations might be heard on almost any Tuesday or Thursday evening emanating from the Union auditorium as Dr. William Reese rehearsed the glee club. These many and arduous sessions produced a musical organization which is probably the finest in Haverford's history. It certainly will have had the most interesting schedule of concerts any Haverford club ever has. Including the Haverford Singers and the Hornetones, there were approximately seventy members in the organization.

Concerts at Westtown, Centenary and Bryn Mawr preceded the first home performance in Roberts Hall on January 14th. That night 140 singers and a 30-piece orchestra from Bryn Mawr and Haverford filled the stage to present the *Imperial Mass* by Haydn and works by Handel and Monteverdi. The program, starring soloists William Hough

and George Nofer, was the high point of the year and greatly impressed the capacity audience.

With the coming of the new semester the glee club took a long breath and prepared to plunge into an extensive series of spring concerts. There was to be the annual concert at Harecum, a trip to Baltimore's Goucher College, and a repeat jaunt to Bennett Junior College, all sources of pleasant memories. There would be home concerts, too, with Sweetbriar and the regular spring concert with the added attraction of Centenary. The spring vacation trip through Virginia was to become a reality at last. There would be stops at Hollins, Storer, Mary Washington, and a two-day stand at Sweetbriar.

Much credit for the planning of the trip was due Jim Miller, the club president, and Walt Robertson, the manager, who handled the heavy correspondence. Secretary Jim Dietz watched over the purse, librarian Bob Sutton mentored the music, and pianist John Davison provided skilled accompaniment. Most important, Director Reese contributed his musical talent and supervision.

# CAP AND

THE YEAR WAS A UNIQUE ONE for Cap and Bells. Unique because the most important activities of the club did not take place on stage but backstage and in the green room meetings.

The backstage changes included extensive additions to the club's lighting equipment which will illuminate scenes from many great plays in years to come. Next year's stage crew will also be treated to the rare experience of handling newly built flats which are now in the process of construction.

The green room activities involved the drawing up and adoption of a new constitution. This creates a distinct dramatic organization responsible not only for the presentation of four productions a year, but also for education in practical theatre technique. Thus 1949 marks the beginning of a true little theatre on campus, one that may make an important contribution to the excellence of future Haverford productions.

With all this off-stage activity the club has still gone on its sometimes comic, sometimes tragic, sometimes melodramatic way.

Our first production, *The Importance of Being Earnest*, received original treatment at the hands of a very talented cast. Lee Haring as Jack Worthing, Sol Blecker as Algernon, and Skip Lea as the Reverend Chasuble, shared critical honors.

*Below:* Everybody's happy. Left to right are Cecily (Harriet Morse), Algernon (Sol Blecker), Jack Worthing (Lee Haring), Gwendolen Fairfax (Sue Henderson), Reverend Chasuble (Skip Lea), Miss Prism (Libby Gray)

# BELLS

Our second production, *An Inspector Calls*, received a considerably colder reception. Most agreed, however, that the blame should be shouldered by J. B. Priestley, the play's author, and not by the Cap and Bells except insofar as they chose to attempt the play. What these critics failed to realize was that in making its choice the club has to find a play that provides varied dramatic fare and which at the same time can be produced in the two short weeks available.

The work of Dick McKinley in this rather ill-fated show was nevertheless remarkable. Not only did he give an intelligent performance of the very difficult title role but he also designed and constructed one of the best interior settings in the stage history of Haverford.

The competent performance of Bill Bishop, Tom Graff, and Bob Kunkel, plus the effective lighting and efficient management of Jim Hastings and Lee Haring, added up to a near professional production, the standards of which Cap and Bells would do well to maintain.

An accurate summary of the dramatic year at Haverford must conclude with a bow to our sister organization, the Bryn Mawr Varsity Players, and with thanks to Frederick Thon. Annually, he assumes the task of applying his patience, skill, and faith to the creation of stimulating footlight fare.

THE DEBATERS began their year with efforts to return Haverford to that place in intercollegiate debating which it once occupied. The previous season was one of not spectacular but solid achievement. Handicapped by the lack of a coach and the limited contacts of the early post-war years, the society faced markedly stiffened competition. However, the debaters completed a schedule of 75 intercollegiate debates, including the Grand National Tournament in Virginia, and emerged somewhat above the break-even point.

The experience gained was put to good use during the current season. Under the guidance of President Walt Seligsohn and Manager Dave Blum, many freshmen were introduced to debating in intra-mural debates, clinic sessions and inter-collegiate J.V. contests.

Varsity debates, held at home and in colleges from Massachusetts to Virginia, centered around the national question, that the Federal government should equalize education by annual grants. There was much to be said for either side, and the contests were generally characterized by forceful presentations and vigorous rebuttals.

The year also saw increased activity in the local chapter of TKA, the national honorary forensic society. After some years of dormancy, the chapter began to take an active part in the forensics on the campus.

# CUSTOMS COMMITTEE

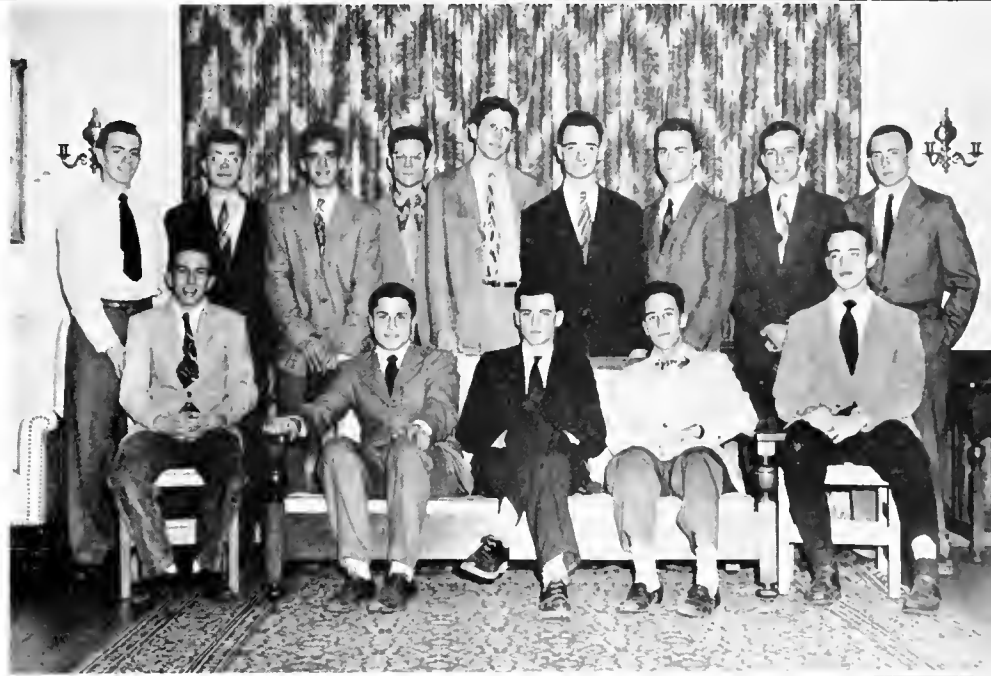

THIS ASSEMBLAGE OF BRAINS and brawn greeted the uninitiated class of '51 with as imposing a list of *helpful* regulations as has been witnessed in recent years. An exception to this, according to the Rhinies, was the required black shoe-string tie: its popularity was exceeded only by its good looks.

It was about this item that most of the misunderstanding between the Customs Committee and the Rhinies arose. An uprising in the chow hall after one of Pepy's little psychological enquiries was nipped just in time to prevent that historic picture gallery from being reduced to a shambles.

A few weeks later in mid-October the Rhinies executed a mass tie disposal. Unfortunately the Committee had decided to conduct a survey of human motivations that same day, and aided by the ready hands of upper classmen, found that hunger is stronger than pride.

Surprisingly, the effectiveness of the Customs Committee was not diminished by the absence of water in the pond, though some recalcitrants had to be brought in line via automobile hikes. It was the policy of the Committee to treat the Freshmen more as men, and less as the traditional "little green worms." The exemplary behavior of the class during Swarthmore week showed that the result was a rapid and complete integration into the life and spirit of the college.

# BAND

A MARCHING BAND, a letter forming band—after last year's post-war reorganization, the band this fall took these additional strides forward in order to provide more color at the football games.

Rehearsals were held on Wednesday night in the Union and on Friday nights the band was ready to lead the student body in a torch light parade. On Saturday, resplendent in white ducks, white hats, and black cross-country jackets, the band marched into the home stands at Walton Field. During the afternoon the boys gave out with a repertoire that varied from Sousa to Bob Goodman. The band also followed the team to games played at nearby Drexel and P. M. C.

The climax of the fall's activities was at the Swarthmore game. With 7000 spectators looking on, the band made its first attempt at half-time parading. Forming an "H" in front of the Haverford stands they played the Harmony Song as it never had been played before.

During the winter the band was split into two sections for the purpose of playing at home basketball games in the gym.

With acquisition of new uniforms the band of the future should do even more than it has in the past to increase school spirit at athletic contests.

Meeting the deadline: News Editors Tony Morley, Bill Gorham and Walt Seligsohn.

The finished product gets the once-over from Managing Editor Ken Moser, Editor Jack Lasday, and Business Manager Ellis Singer.

# Haverford

NOT SATISFIED with having expanded their newspaper from a tabloid-size to a seven-column weekly, the staff of the *Haverford News*, under the capable direction of Editor Jack Lasday, this year further extended its scope and variety of coverage.

Perhaps the highlight of the journalistic year at Haverford was the "special sports edition" published by the *News* immediately after the 28-28 tie with the Swarthmore eleven. Copies of the paper were distributed less than an hour after the final gun had sounded on the field of play. The issue carried complete stories of the football game, the soccer game, the cross country meet, the junior varsity clashes, and a recapitulation of the pre-game activities.

Since 1948 was a presidential election year, the *News* entered into the spirit of things by running a series of articles appraising the various White House aspirants, and completed its election coverage

by conducting a straw vote. Results of this survey and of similar ones conducted at Bryn Mawr and Swarthmore were published just before election. All three polls showed Dewey comfortably on top. 'Nuff said!

Business Manager Ellis Singer also deserves credit for his fine job of pulling the *News* out of the financial hole in which it had been operating for a number of years. He took advantage of the increased space made available for advertising in the seven-column format and pursued a more aggressive subscription policy than had been exhibited in the past. This increase in financial stability was reflected in a more liberal pictorial treatment of events about the campus.

The range of topics treated editorially on the second-page columns of the *News* this year was wide indeed. The Dining Hall situation was discussed,

election apathy was criticized, and the establishing of a Rufus Jones Chair in Biblical Literature was suggested. The *News* campaigned actively for a Milton course and delved into the pros and cons of Civil Disobedience.

Reviews of plays, movies, and exhibitions of art currently appearing in Philadelphia were also provided on the second page of the *News* as part of the increased services program.

A new feature appeared on the sports page this fall, "The Guest Corner." Each week a Haverfordian well-versed in matters of sport aired his views on some particular subject. These amateur Red Smiths were well received by *News* readers.

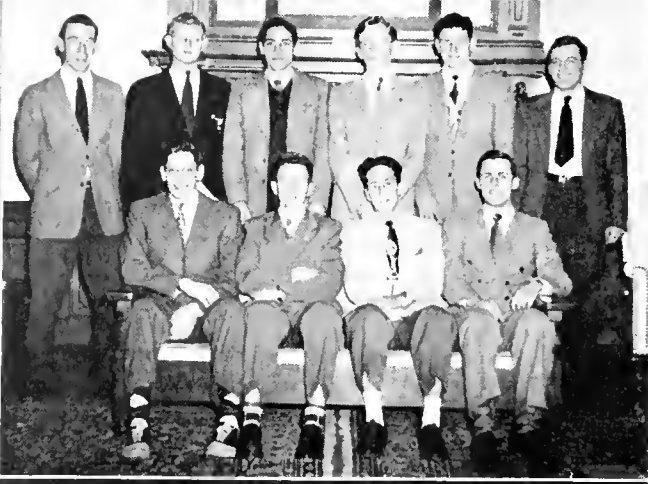

Thus the first full year of the seven-column *News* has been an interesting one. At least, students never ceased to bellow, "Where's my *News*?" when the familiar stack of papers failed to appear outside the Dining Hall on Tuesday evening.

## FOUNDERS CLUB

AN EVEN DOZEN STUDENTS, elected for merit in studies and activities, comprise the present membership of the club. Founders Club encourages participation in extracurricular activities, along with the maintenance of a satisfactory scholastic average.

The social program includes a reception for freshmen in the fall, and an annual banquet in the spring, which is attended by the alumni members of the club. This year, for the first time, the club is sponsoring a sub-freshmen day to help attract men of high calibre to Haverford.

## INTERNATIONAL RELATIONS CLUB

THE I.R.C. HAS INCREASED its sources of information in the past year through cooperation with the American Foreign Policy Association and the American Association for the United Nations. The club thus maintains its policy of providing students with the opportunity of debating and studying problems of international relations.

During the year representatives have attended the annual regional conference of I.R.C.'s at State College, Pa. The conference was one of the links in the national chain under the guidance of the Carnegie Endowment for International Peace.

## UNITED WORLD FEDERALISTS

THE HAVERFORD CHAPTER of the U.W.F. sponsored a model United Nations review conference on the campus in March. Students from other colleges in the East helped rewrite the U.N. charter, transferring the organization a limited world government.

By this meeting, Haverford's chapter took the lead in practicing the principles and plans of world government which United World Federalists have propagated.

Members of the Haverford chapter also spoke to schools, clubs, and church groups in the area, and served on the state executive council.

## GERMAN CLUB

THE GERMAN CLUB, known to intimates as "Der Deutsche Verein," has spent the year in active coöperation with the German Club of Bryn Mawr. Activities have included lectures on German literature and customs, German movies, German folk dancing and songs, and the presentation of two German plays. Highlights of the year were a dramatic version of "Hänsel und Gretel," which delighted a large Christmas audience at Bryn Mawr, a lecture on Franz Kafka by Heinz Politzer, and a demonstration of War Crimes interpretation by Alfred Steer.

First Row: Garbaty, Velte, Boger, Oppenheim. Second Row: Acton, Packard, Jamison, Marvin, Morrell, Thorpe, Kelly.

## FRENCH CLUB

FRENCH CLUB MEMBERS insist that advances were made along both social and cultural lines. The Bryn Mawr girls were heavy contributors to both causes. Among members of both groups were native Frenchmen and students who had studied abroad. A Hallowe'en party was the most memorable event of the season's social card.

The play chosen this year, "Le Chapeau de Paille," by the comic playwright, Labiche, was presented in Goodhart Hall and for the Francaise Alliance in Philadelphia.

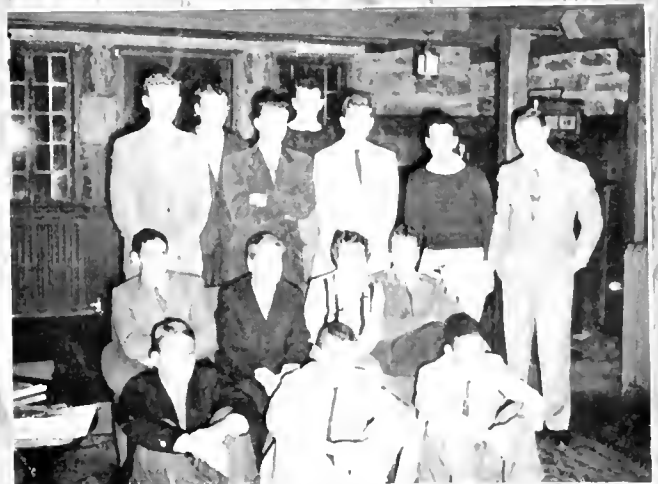

Acton, Libby, Barrat, Lea, Beckley, Sangree, W.

## SPANISH CLUB

THE SPANISH CLUB transferred its base of operations to the spacious living room of the new Spanish House on Oakley Road. At the formal opening in October, traditional Spanish dances were performed by a group of dancing girls.

The highlights of the year were the showing of the Spanish classic film, "Dona Barbara," a discussion of Mexican poetry by Señor Alcalá of Bryn Mawr, and a burlesque on Don Juan Tenorio. Bryn Mawr, Swarthmore and Harcum girls were guests at the meetings.

W  
H

SINCE THE FALL OF 1942 when a group of students first organized a radio station under the call letters of WHAV, Haverford campus has been served a wide variety of programs originating from the studios in third floor Union. Starting with one studio, and a mere handful of members, the radio club grew into one of the largest student organizations on campus. In February 1942, WHAV became affiliated with the Intercollegiate Broadcasting System, and in 1945 helped organize the Middle Atlantic Network in conjunction with Bryn Mawr station WBMC, Swarthmore station WSRN and the University of Pennsylvania's

Swarthmore week end, WHRC acted as part of an alerting system to give warning of the approach of marauding Swarthmorians. Following the Varsity Club dance, a special program of musical selections was broadcast until 3 A.M.

The staff of WHRC is now engaged in expanding technical facilities and improving the quality of programs. The engineering staff under the direction of Bob Harper, Dave Trumper and Wray Bentley has completed the installation of a permanent line to the gym for the broadcasting of Haverford's basketball games. A new and larger studio has been equipped for use, which provides facilities for more efficient and complex programming. Program improvements will include training in radio technique for announcers and disc jockeys.

WHRC feels that it is filling an important place in campus life. Students are given the opportunity to take part in all phases of radio work. Experience in radio production, writing, and program and technical engineering is gained by participation in the activities of the radio club. Such programs as Brooks Cooper's and Ted Shakespeare's "Dramatic Interlude," and "Fantasy Theater," under the direction of Harold Lynch, provide an outlet for dramatic expression. The best in recorded classical music is presented four nights a week on the "Classical Hour" under the supervision of John Dyson. In the interest of student-faculty relations, Art and Dick Segal instituted "Meet Your Faculty," where faculty members are invited to air their views on current topics suggested by students. The exchange of programs with other colleges in this area, as well as WHRC's inclusion in a projected intercollegiate network and broadcasts over commercial stations in Philadelphia, will provide Haverford talent with a listening audience far beyond the limits of the campus community.

Through the increased interest and greater participation of Haverford students, the quality and diversity of WHRC's presentations have improved during the past year, and the station hopes to continue its progress in the future.

Dyson, Peniche, Curtis, Knowlton, Harper.

WXPN. The call letters of the station were changed in 1947 to the now familiar WHRC.

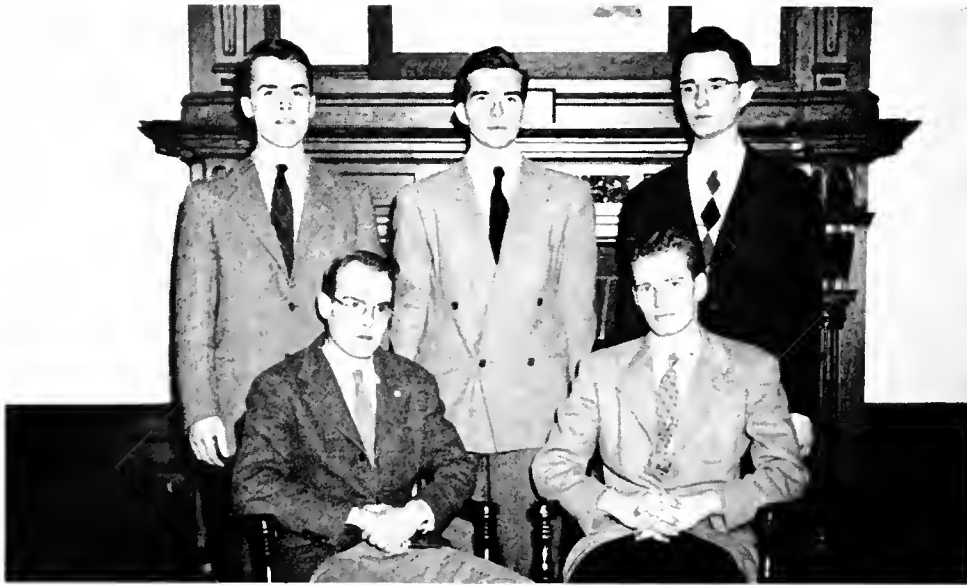

At the present time, the station serves the college community Monday through Friday from 7 P.M. to 12 P.M. Among the different types of programs heard on the regular schedule are dramatic productions, record programs of both popular and classical music, variety programs and news broadcasts. WHRC also offers special features such as the coverage of sports events and other activities on campus of interest to the student body. During this year's

THE INTER-FAITH ORGANIZATION became the one central religious organization on campus. Previously it had been merely the coördinating body for the three "Forums": the Inter-Faith, the Christian and Ministerial.

The year's activities started with the second annual retreat at Kirkridge in Bangor. There Dr. Flight and about twenty members laid plans for the coming semester.

THE BRIDGE CLUB provides during-the-week entertainment for the real lovers of the game. As in tournaments, duplicate bridge is played, and instruction is offered to beginners.

Topics treated were the social church, Zionism, Christian "cell" groups, pacifism, and missions. Several members took part in weekend work camps in South Philadelphia, while others helped out regularly at the Haverford Community Center. The main undertaking of the fall term was the annual Christmas Party for children at the community center.

THE FILM CLUB makes available to the students and faculty the best film classics of yesteryear. The showings are particularly convenient for those with Friday night dates. Twenty films were presented during the past year, including such standouts as "The Ox Bow Incident" and "Greed."

# CLASS NIGHT

IN THE THIRD ANNUAL Class Night, the Seniors took top honors. Before an enthusiastic capacity audience, they regained the plaque they had won two years ago. An award for the outstanding individual performance went to Ted Shakespeare '49 for his humorous parody of *Hiawatha*. Special recognition was given also to Tom McNutt '51 for his fine rendition of "Far Away Mood."

Journeying to ancient Rome, the Rhinies, in a rough but humorous manner, killed off our noble president, Gilbertus Caesar (Bob Chase). The show was filled with enthusiasm, but not much polish, and indicates greater things in years to come.

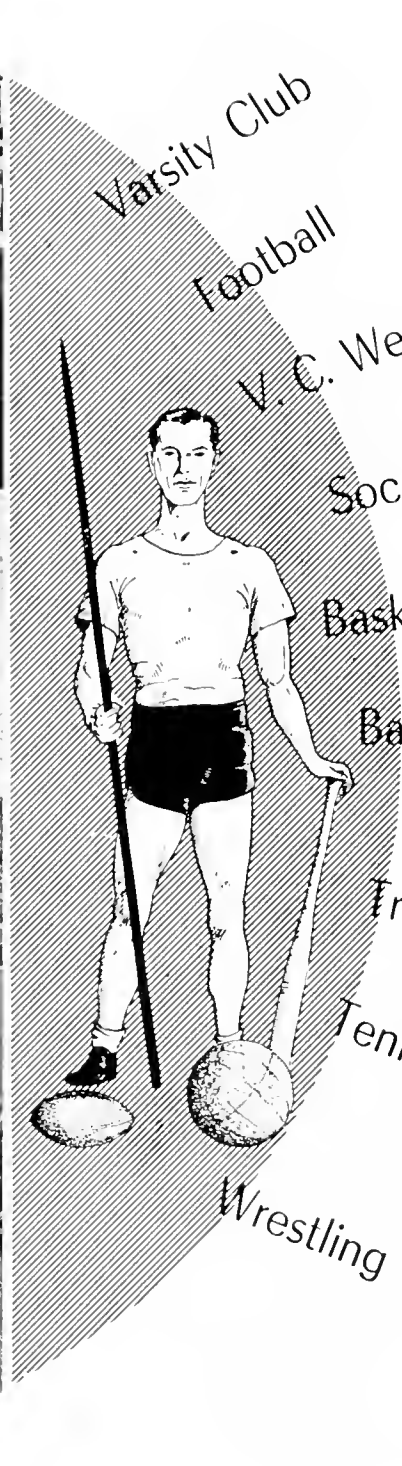

Sophomores Sam Hudson and Dave McCarn produced a riotous farce on dormitory life that featured Al Clayton's smooth and catchy songs, "Far Away Mood" and "If These Are the Happiest Years of Our Lives." The automatic smoke and match rendering machine (an opening bureau drawer) was a real show stopper. The whole affair sparkled with sophomoric naturalism.

The Juniors put on a capable but rather slow-moving epic of Havorford's musical growth. Special bouquets go to blues singer Dave Philips and "Al Jolson" Reninger. Mention must be made of the apt plugs for a much needed field house.

Before Mal Lash's wigwagged backdrop, the worldly Seniors cavorted in a smooth and finished game of Quakers and Indians. Credits go to Bob Goodman for his excellent songs, Harold Lynch and Ted Lewis for the clever script and Homer Kimnich for able direction. The biggest load of all was shouldered by Bobby Edgerton—the chief's 230 pound papoose (Stan Greenwald). Both audience and judges were captured from the moment Jimmy McCarthy (Charley Geoffroy) rolled on the stage 'til the final strains of "'49" had faded. The Indian braves furnished splendid support throughout, and particularly noteworthy was their opening number, "We Were on the Warpath." Tom Fleming, perfectly cast as Chief Shoot-the-Bull, paced the show from the capture of the four pious Quakers (Tolan, Walnut, Todd and Taylor) through the wooing of the enchanting Princess (Dan Daudon).

In the final event of the evening, Howard Comfort with his red tie set and Clapp Trap family chided the students with innuendo. "Red" Somers made a humorous interlocutor as a *News* pollster. The whole program proved a superior success, both financially for the War Memorial Scholarship, and as solid entertainment.

## VARSITY CLUB

"WHAT A WING-DING!" This phrase, coming from one of authority, suggests the gleeful gaiety of the traditional Swarthmore week end. Sponsored by the Varsity Club, the affair surpassed the pace set in previous years. Once under way, Haverford spirit could not be suppressed. From the Friday soccer game, Haverfordians flocked to the gargantuan pep rally, complete with gala fireworks, a list of distinguished speakers, and a bon-fire that required many hours of careful guarding against raiders from Swarthmore. The evening was topped with a barn dance that was enthusiastically attended by all the lovers of the square. Saturday's game could not have been more of a thriller, as the Fords see-sawed to a tie with the Garnet. Goalposts came through unscathed in post-game activities, while the alumni gathered together at a tea in the gym.

The climax of the week end, for those who can

remember, was the dance that night, featuring Paul Nevins and his orchestra. Disaster, in the form of a missing piano, was averted at the last minute by the smooth action of several members of the committee and those unfortunates who had arrived at the scheduled time. As Sunday morning rolled around, weary revelers and their dates found late breakfast served in the Commons Room, and with this gesture the club officially ended its part in the celebration.

Although the Swarthmore week end is the biggest event of the year, the club also contributes to college life other ways. Organized to foster spirit, good sportsmanship, and participation in athletic events, the club sponsors a sub-freshmen day, when an attempt is made to interest prospective athletes in Haverford. This past year, an Alumni Varsity Club was organized to encourage alumni interest in the college athletic program.

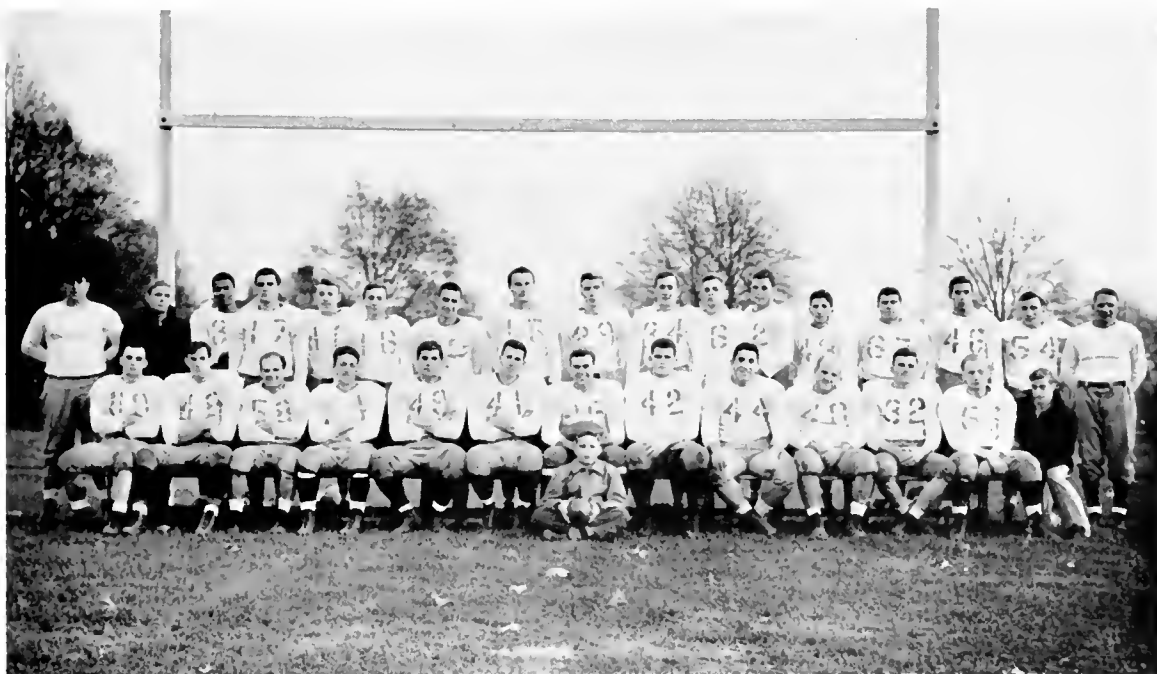

# FOOTBALL

THE '48 SEASON presented Haverford followers with a victory balance (4-2-1), professional-like proficiency in point kicking, a "thrill-ful" Swarthmore game—and left Roy Randall and Bill Docherty without a returning first string lineman for '49.

Yes, with the class of '49 in June go Captain Bob Johnston, and the other stalwarts on either side of him: guards Pappy Neuhaus and DeWitt Montgomery, tackles Stan Greenwald, Tom Fleming and Mal Lash, and ends Harold Whitcomb and Ted Wright. Wright replaced the injured Reggie Collier midway through the season, and Ted very deservedly received the most improved player award. All these men have seen at least three years, and in some cases, four years of varsity duty with the Scarlet and Black. From the backfield go the veteran spark-plug Bill Ambler, voted the team's most valuable player, Al Hume, the wingback and kick-off specialist, and Homer Kimmich, the able open field tackler.

Among those Roy and Bill will have to count on next fall are Ted Test, Chris Amussen, Bud Garrison and Reggie Collier. Test, the Captain-elect and ace offensive back, brought Haverford rooters to their feet with touchdown runs ranging from 6 inches to 65 yards. Ted scored 71 points, the Philadelphia district's second highest total. This included an extra point streak of 17 in a row that ran from the Drexel game through the Swarthmore game. Amussen joined the team for the Hamilton game and became the badly needed plunging full-back. Garrison was slowed down by Drexel game injuries but was always the poised passer and sparkling safetyman when in action. Collier was our outstanding defensive end.

During the past season victories were scored over Ursinus, Drexel, Hamilton and Susquehanna. Juniata and P. M. C. inflicted defeats, and in the most exciting Haverford game of recent memory, Swarthmore was tied 28-28.

# THE 1948 SEASON

## Haverford 26

The Fords showed a strong running offense on opening day. Test went 17 yards for the first score, concluding a 50 yard march. 7-0. After a Hume interception, the Fords were off again. A Garrison to Hume aerial, Garrison's 20 yard advance, a Test plunge and it was 13-0. The Young-Kajmo combin-

Drexel, making the most of the underdog role, had Haverford rooters completely exhausted at final whistle time. The Fords took the opening kickoff, and moved to the 2, with Test and Garrison alternating. Three times the Fords drove inside the 10, and to no avail. They finally scored when Collier hit

Collier's interception set up the first score. From the 20, Hume's two reverses carried to the one. Test cracked over. Halftime: 7-0. Amussen made all the remaining touchdowns. He went 12 yards through

## Haverford 21

The Fords fell from the ranks of the unbeaten on this sad day, but only after a great battle. They were down 20-0, before Garrison was taken out of wraps for duty. He tossed 40 yards to Collier, and then to Amussen who scored on a pretty run. Halftime: 20-7. Garrison opened the half with more passes. He connected to Collier who lateraled to Amussen on the 10, and the Fords were back in the game 20-14.

## Haverford 21

A heavy ramstorm slowed the early action, and the first half was scoreless. The Ford line began opening wide gaps, and our backs made the most of them. Test slipped through for pretty touchdown runs of

## Haverford 14

A recovered fumble and Hume's 9 yard reverse put the Fords ahead, but not for long. The Cadets scored on the first play after receiving the kickoff, a 55 yard pass play. Udovich stole a Ford pass and went over for their second score in the 2nd quarter.

## Haverford 28

The game of games! Within the first minute, the nation's best small college passer, Sam Gary, pitched to Albertson, 32 yards, and a 7-0 lead. Moments later, a 40 yard Garrison to Wright aerial moved the Fords deep into Garnet territory. After losing 7 on a fumble, Test went 15 for a score. 7-7. 2nd period: Test went 56 yards off tackle, outracing Esrey. 14-7. Gary went over on a plunge, after sparking a sustained march from the Garnet 15. 14-14. Garrison connected on a 20 yarder to Whitcomb, who then went cross-field and goalward for 20 more on a spec-

## Ursinus 13

ation moved the Bears 40 yards and then on to a touchdown. 13-6. Garrison's runs set up the third Ford score, Test going 15 yards off tackle. 19-6. A tricky Ursinus double reverse made it 19-13. Test added his fourth touchdown of the day with a plunge from the one, after a 40 yard advance.

## Drexel 6

Drexel's right half as he took a pitchout, and Johnston recovered the ball in the end zone. Test added the game-deciding point. The Dragons dominated the play in the second half, marching 40 yards for their only touchdown.

## Hamilton 0

the middle on a trap play for the second, and late in the 3rd period took a pass from Garrison for another. Intercepting a Hamilton aerial, Moose raced 64 yards for the final touchdown.

## Juniata 34

Garrison's passes sparked another drive, and Amussen scored again on a reverse from the 20. Test's third extra point put the Fords ahead 21-20. Injuries to Amussen and Collier plus the complete absence of five pre-meds began to take their toll on the tired Fords. Juniata's Dzonvar passed his team to two late scores and a victory.

## Susquehanna 7

64 and 36 yards, and Hume went 32 for a third. The Ford forwards continually outcharged the Crusader line to thwart their potent passer, O'Gara, and make it a thorough team victory.

## P.M.C. 33

Halftime: 13-7. The second half was all theirs, as they rolled on to three more touchdowns, operating smoothly from a tricky T-formation. Late in the game, Hibberd made the score more respectable by tossing a touchdown pass to Taboga.

## Swarthmore 28

tacular run. Halftime: 21-14.

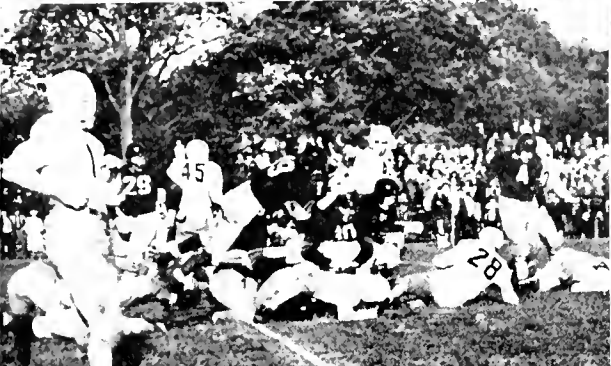

After an exchange of punts, Swarthmore marched again. Hall scored from 12 yards out on an end-around. 21-21. The Fords received and punted. Gary, running as well as passing, moved his team to another touchdown. A penalty from the 18 to the 3 helped. Three tries and Gary made it. 28-21. Hume's 20 yard punt return, and Test and Amussen alternating through the line brought the ball to the 12. Amussen ploughed over guard for the game's eighth touchdown. Test's toe tied the score. 28-28.

ED REDINGTON realized the potential of his squad and did all that any coach could do to guide and goad them on to the championship they wanted. In its best moments (witness the Lehigh game, 4-2) it was a great team; but the let downs (as in the Drexel game, 2-1) revealed a team tendency to put out minimum effort. However, this psychological handicap could not restrain them from running through a successful season of six wins, two losses and a tie.

Captain Ev Jones, a great goal-getter, demonstrated his best form under pressure. In the sizzling setback (3-8) inflicted by Penn, Jones scored every Haverford tally; again Jones socked through

the Ford's lone goal in the 1-2 Swarthmore heart-breaker. Sloppy weather hounded Ed Redington's booters in the Princeton, Penn and Swarthmore games, slowing up the powerful line. Both the crucial Garnet match for the league championship and the Princeton contest, 2-2, were memorably bitter last minute sentences.

Sparked by Captain-elect Andy Lucine and supported by scrappy Cookie Reynolds, the half-backs proved to be a steady group, more out-

standing in their defensive than offensive ability Fullback Charlie Geoffroy hit his stride in the latter part of the campaign, coming across with his characteristic crowd pleasing break up plays.

The past season saw the last of two competent Scarlet and Black goalies: Clem Smith, who led the Junior Varsity through its second undefeated

season, and Razz Walnut, who proved his valuable capabilities under the worst possible conditions in the Swarthmore game.

The league record of twenty four goals to the opponents' five is a fair indication of the scoring punch and defensive skill that was a part of this team.

# BASKETBALL

Improvement, yes! Thrills, definitely! After an auspicious start of three straight wins, the Fords added two more later in the season (plus two forfeited games from Drexel) to bring their year's record to seven wins and six losses. Six of the contests were decided in the final minutes, with the Fords able to salvage only three of them. Thus Haverford fans were frequently treated to exciting basketball, which sometimes had disappointing finales.

Sol Tollin captured the year's scoring honors, but it was teamwork which brought the victories. Captain Bob Betson's steadying influence, Sam Colman's drive-in lay-up shots, Craig Heberton's jump tosses, and Don Amussen's work under the boards, all contributed heavily to the season's record. The squad, coached by Bill Docherty, will lose four men by graduation: Tom Crolius, last year's captain, and Hal Whitcomb, who completed his fourth basketball campaign for the Scarlet and Black, Tom Hopkins and Harry Gill.

Starting the season with a bang, the Dochertymen quickly racked up three victories. Franklin and Marshall was the first victim, dropping a 49-36 contest to the Fords. Sol Tollin proved that he still had his phenomenal eye by sinking 23 points.

Jumping to an early 18-6 lead, Haverford had little

trouble beating their next opponent, the Philadelphia College of Pharmacy. With Tollin sinking the long sets and Don Amussen grabbing the ball off the back-boards, the Fords notched a 61-44 victory.

The Philadelphia Textile Institute, one of the best small college teams in the district, brought a large following to the Haverford gym for their clash with the Fords. A spirited and exciting game it was, as the lead shifted frequently. The Fords took a 20-15 advantage, but by half-time the Philadelphia quintet had assumed command. They held a slim margin until the waning minutes of the game. Then the Fords knotted the count. In the final seconds, two quick goals gave Haverford a well-deserved 65-61 victory. Sol Tollin was really hot that night, hitting from all sections of the court. He tallied 31 points, the season's highest for Ford scorers.

The Haverford five hit a bad slump after vacation. They dropped four straight games before being able to add another to the win column. In a nip and tuck battle which was not decided until the final whistle, the Fords were edged out by Ursinus, 47-45. Thanks to Sam Colman's clutch baskets early in the third stanza, the Fords overcame a 26-18 half-time deficit. But their desperate drive was to no avail, when Jaffe of Ursinus sank two last minute

free throws to give the Bears the needed advantage.

The Fords were unable to solve P. M. C.'s pressing defense in their next encounter and succumbed to the league leaders, despite Craig Heberton's 22 tallies. Drexel handed Haverford their third straight defeat by a 55-39 score, although the Dragons had to forfeit this game later for using an ineligible player.

With a "leg" of the Hood trophy at stake, the Fords tackled the Swarthmore five at home. The visitors were rated victors because of Jim Reilly and their height advantage. But the Fords played inspired ball and throughout most of the contest, held a slim margin. In the stretch the lead changed hands several times. Unfortunately, Reilly got hot and his last minute field goal and charity toss gave the visitors a 47-45 edge. Bouquets to Bob Betson and Don Amussen for some smooth floor work and to Sol Tollin and Sam Colman for heavy point contributions.

Haverford's losing streak came to an end with a 39-37 victory over Delaware. The Fords jumped into the lead at the start and managed to hold on to a narrow advantage until the final whistle. This victory was followed by two more defeats, one at the hands of P. M. C. and the other by Drexel. This last encounter was again forfeited to the Fords at the end of the season.

Eager to avenge an earlier defeat, the Fords met Ursinus at home in their next contest. This was another thriller, with victory undecided until the final

two seconds. Haverford held a 32-29 lead at the half-way mark, but trailed by a field goal at the beginning of the fourth quarter. Matching each other basket for basket, the two teams were all even with twenty seconds remaining in the game. Sam Colman's drive-in lay-up seemed to clinch the contest for the Fords, but Bahney's long set knotted the count once more. Seconds remained when Craig Heberton let loose with a set shot from the corner. The buzzer sounded as the ball went through the hoop to give the Fords a thrilling 62-60 triumph.

Jim Reilly of Swarthmore again proved too much for the Fords and they were handed a 55-32 licking by the Garnet. The Swarthmore star tallied 30 markers, 22 of them in the last half. Until that fateful second half, the Fords were still in contention, trailing only by three points at half time. In the final regularly scheduled game of the season, the Fords absorbed their sixth loss of the year, succumbing to Delaware, 75-52, despite Craig Heberton's 25 points.

In the league playoffs at Swarthmore, the Ford second team gave Delaware a splendid battle but were finally overtaken 62-59.

In the positive finale, the playoff consolation, Swarthmore was given another scare. The Garnet, however, edged ahead in the final minutes for a 53-51 victory.

Sam Colman was awarded the Bennett Cooper trophy as the season's most valuable player and Sol Tollin was elected next year's captain.

# BASEBALL

THE MAXIM that a Swarthmore victory makes a successful Haverford season was never borne out in better fashion than last spring. Both teams entered the traditional battle without having tasted victory. The Fords graciously kept the Garnet record intact, coming out on top, 6-4.

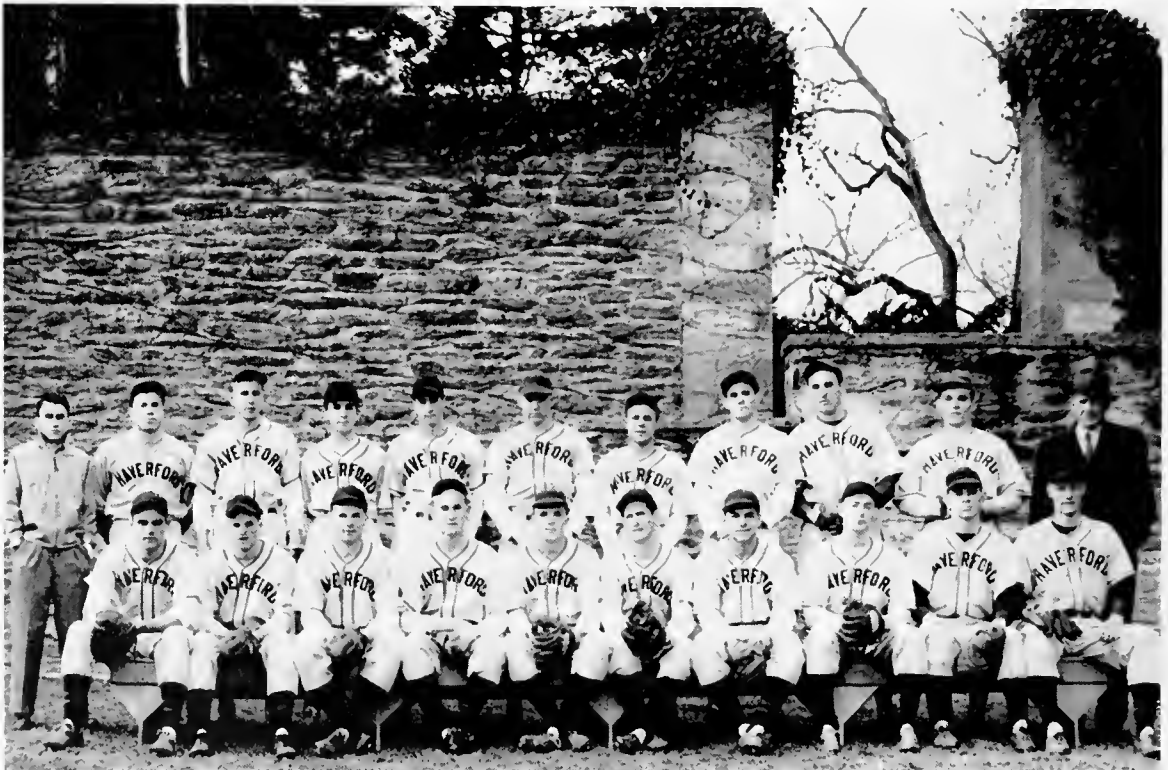

Previously Coach Randall's team had been unable to combine good pitching, hitting, and fielding on the same afternoon. Against the arch-rival, however, everything clicked. Captain Jerry Howe and Ted Wright supplied capable pitching. Jerry gave up four runs in six innings; Ted held the Garnet scoreless for the remaining three, set five men down swinging, and was credited with the win. At the plate the Fords were sparked by Bud Garrison who had three hits and a stolen base, and Howe who collected two singles. In the 5th inning, a timely

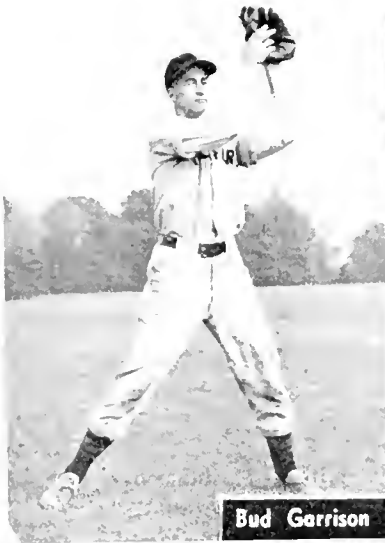

single by Jack "the Old Dad" Henkels kept alive a Ford rally which produced four runs and a commanding 6-4 lead. Smooth fielding, which earlier included a double play when the bases were loaded, protected this lead until the final man was retired.

Plans have been made for the resumption of the spring vacation southern trip. Games are listed against the Quantico Marines, Randolph-Macon, and the University of Virginia. These contests give the team added polish before the regular season in Yankee territory.

The prospects are promising but not brilliant. As in all college baseball, pitching is of paramount importance. This responsibility falls upon Craig Heberton, Tom Gerlach, Ned Snader, Sol Tollin, and several freshmen prospects, who will toss 'em up to catcher Bill Boteler.

*First Row: Boteler, Snader, Manwiller, Wood, Hume (Capt.), Henkels, Lucine, Harris, Cragin, Heberton. Second Row: Reninger, Maroney, Osler, Broadbelt, Garrison, Hibberd, Johnston, Keetz, Chandler, Wurster, Coach Randall.*

**Bud Garrison**

**Ned Snader**

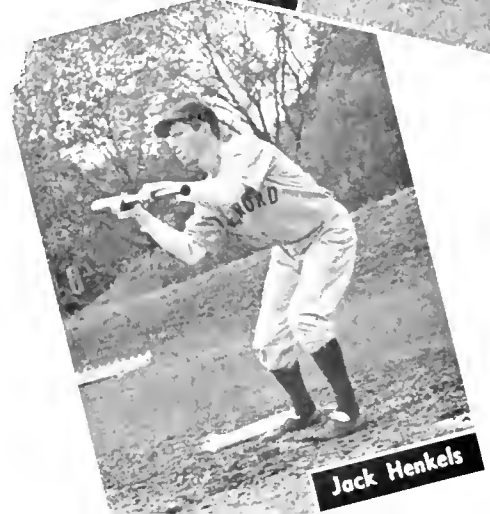

**Jim Wood**

**Captain Al Hume**

**Karl Manwiller**

**Jack Henkels**

An all veteran infield composed of Jim Wood at first, Bucky Harris at second, Bud Garrison at short, and Captain Al Hume at third may be the choice to start the season. Because of his speed and strong throwing arm, the latter is being considered for the centerfield slot. Other infield prospects are Phil Maroney and two freshmen, Walt Young and Don Broadbelt. There are three holdovers left for the outfield spots: Karl Manwiller, Jack Henkels, and Andy Lucme. The lineup will doubtless be shifted before the strongest possible combination takes the field against Swarthmore in May and once again the maxim will meet the acid test.

# TRACK

WHETHER JIM GROSHOLZ has been the cause for more concern than consolation for Pop Haddleton, we are not sure. The threat of a cold or recurrence of allergies have given Pop many an uneasy night, but we are sure that the combination of Pop's coaching and Jim's running have produced a record unequaled at Haverford. Jim has lowered the college records in the two mile (9:58), the mile (4:20), and half-mile (1:53.1) runs and has unofficially tied the quarter mark (50.2). Already this winter he has won the Lapham 1000 at Boston, posting the season's fastest time (thus far), 2:12.8. What is more, his running ability is matched by an unassuming manner of leadership that has always inspired his teammates.

The '48 season was in keeping with Captain Grosholz's performances. Only a defeat at the hands of—alas—the Garnet of Swarthmore marred an otherwise perfect record. Victories were registered over potent Johns Hopkins and less potent Gettysburg in a triangular meet, and over Ursinus, Lehigh and Drexel in dual meets.

There were other heavy team contributors besides the captain. John Doane, the soccer goalie, took the title for versatility, having close competi-

tion from Evan Jones, Fred Miller and Stan Greenwald. Doane scored consistently in both hurdles, the shot and discus, and amassed the season's highest point total. Jones, the soccer All American, excelled in the broad and high jumps and the 220. Miller, the squad's most improved member, spent busy afternoons competing in the 100, 220 and broad jump. Greenwald, the 225 pound tackle, always pleased the spectators with his thundering finish in the 100, and capped his spirited performances with a win in the shot over Swarthmore. Ted Test showed his football followers how fast he really is with consistent points in the 100 and (despite unpolished form) the low hurdles. Dick Rankin, Roy Shepard and Tom Snipes held up our distance department. Gov Cadwallader took over for Grosholz when Jim ran the quarter. Jim Buckley and Bob Wingerd held forth in the 440 and Tom Hopkins developed steadily into letter winning form in the hurdles. Weightman Fred Strohl came into his own in the Drexel meet and Neel Rittenhouse, only a freshman last spring, was a mighty fine javelin thrower.

When we say that prospects for the spring of '49 are excellent, it becomes more convincing when we add that every one of the above-mentioned men returns. They will be joined by four experienced freshmen, Andre Briod, Eli Halpern, Guy Murdoch and Arnie Jones. Grosholz and Hopkins will share the team captaincy.

## WRESTLING

Bill Shihadeh kept his men on the path of improvement this season, coming home with four wins and three losses and a third place in the Middle Atlantic Championships. Swarthmore injected a little bitter with the sweet, however, upsetting the favored Fords in the final match of the season.

The team started off well, decisively beating P. M. C. 26-8. By pinning his man in the opening match, lightweight Dave Hastings gave a sign of good things to come. Haverford won twice as many bouts by falls this season as by decisions. The Fords then rolled up another one-sided score, flattening Delaware 29-3. Hastings, Bob Atkinson, Gov Cadwallader, and John Dodge all pinned their men, several in the first period. The victory was especially sweet since Delaware had beaten our team by almost the same score last year.

The next meet was a disappointment. Gettysburg, the strongest school on the schedule, inflicted a 24-10 defeat on the Fords. Dodge and Bill Rodewald were the only Haverford victors, both by falls. Johns Hopkins was responsible for defeat number two, downing the home team 19-13. Bob Johnston,

at 165, furnished one of the few pleasant moments, gaining his third pin of the season.

A week later the team journeyed to Drexel. After dropping the first three bouts, the Fords went on to win the remaining five, and the match 21-11. Then at Collegeville, Ursinus was defeated 23-11. The Haverford wrestlers chalked up four pins, but the Ursinus heavyweight handed Rodewald his only defeat of the year in a close match.

The Swarthmore contest the following week was a heartbreaker. On the basis of past performances, Haverford was rated to win by a close score, but the Garnet surprised everyone. Hastings took the first bout of the evening, but there were few Haverford cheers again until Phil Maroney won a close decision at 175. Heavyweight Rodewald's first period pin brought the final score to 19-11.

At Gettysburg the following week, Captain Rodewald, down to a solid 175, won a Middle Atlantic individual crown, Bob Johnston gained a second place at 165, and Hastings took a third at 121. In team scoring, Haverford had 15 points, good for third place among eight schools.

# TENNIS

Tennis was Haverford's sport to crow about in '48. For the second successive season, the team won the Middle Atlantic Conference Championship, after losing only their opening match to a Bermuda sun-tanned Princeton outfit. The Fords swept over F. & M., Temple, Gettysburg, Delaware, Rutgers, Lafayette, and Ursinus 9-0; Penn, Drexel, Swarthmore, and Muhlenberg 8-1; and Lehigh 6-3. This team of virtually the same men has won a total of 23 out of 25 matches over a two year period.

Haverford's star-studded sextet featured Captain Jim Schnaars, former Panama Champion, at number one; Diehl Mateer, the younger half of the 1947 National Father and Son Doubles Championship team, and number one Middle States Junior Davis Cup player; Bob and Dick Betson, former outstanding Junior players of Middle States fame; Tom Crolius, smashing ex-Penn Charter star and Captain-elect for '49; and Jim Foster, 1947 Pennsylvania State Junior Champion and number two New England Junior Davis Cup player. Altogether these experienced players lost only eleven singles matches the entire season, five of them in the opener with Princeton.

Doubles play was again the Ford's forte as the regular teams of Schnaar-Mateer, Bob Betson Cro-

lius, and Dick Betson-Foster lost only three matches. The number two team of Betson and Crolius was undefeated for the entire college season, and while playing the grass court circuit went down before the famed Jack Kramer-Ted Schroeder combination.

A post-season feature that received little notice was the performance of Jim Schnaars and Diehl Mateer in the Eastern Intercollegiate Doubles Championships. They were runners-up for the title, losing a heartbreaking final match to Savitt and Steiner of Cornell, whom they had beaten several weeks before in a Church Cup match.

Much of the credit for the coördination of the efforts of these experienced players belongs to Coach Norman Bramall, one of the leading professional tennis coaches in this district. His help was particularly noticeable in strengthening the play of Jim Foster and the strategic shift in the doubles combinations.

Only Jim Schnaars will be gone from the line-up this spring. Stepping up to the number six position probably will be Hank Stern or John Thomas, stars of last year's J. V. team. With this single change, we expect another winning Haverford team in '49.

# CROSS COUNTRY

THE CROSS COUNTRY RECORD of two wins and three losses is far more impressive than a cursory glance would suggest. As both victories were in triangular meets, the Fords were victorious over four teams: Gettysburg, Muhlenburg, Johns Hopkins and Lehigh. Two of the defeats were at the hands of the top ranking teams in the Middle Atlantic, St. Joseph's and Swarthmore. The third, inflicted by Lafayette, was by the margin of a single point. Captain Jim Grosholz finished a brilliant career as a Haverford harrier by winning every meet, including the Middle Atlantic Championships, in which he established a new record.

A very significant aspect of the team was the constant competition for second place among Dick Rankin, Gov Cadwallader, and Rudy Rudisill. Finishing close together in nearly every race, Dick took

the Haverford second spot four times, Rudy and Gov, once each. John Carman and running manager Dan Brodhead rounded out the team.

After dropping the opening meet to the perennially strong St. Joseph's team, 20-43, and the next to Lafayette by the heartbreaking 27-28 score. The Fords brought their record to two and two. They defeated Gettysburg and Muhlenburg, 20-51-57, and the following week they downed Lehigh and Johns Hopkins, 25-42-57. Then followed Captain Grosholz' success in the Middle Atlantic, in which the team took 5th place among 15 with 149 points.

In the first Hood Trophy encounter of the year, Swarthmore outran the Fords, 26-30. Grosholz appropriately finished his cross country career by setting a new Swarthmore course record: 17 minutes and 27 seconds for 3.2 miles.

Surrounding the Captain's daughter, Lorie Grosholz, are: *First Row:* Wingerd, Ewald, Harper, Rankin, Cadwallader, Rudisill, Lewis, Rodewald. *Second Row:* Hopkins, Macbeth, Eller, Leonard, Greene, Grosholz (Capt.), Carman, Brodhead, Murdoch, Coach Haddleton.

*First Row: Holcombe, Shearer, Graff (Capt.) Mohn. Second Row: Langston, Canan, Adam, Tatnall, Williams, Rhoads.*

## GOLF

LAST YEAR'S GOLF MATCH with Swarthmore assumed unusual importance because upon its outcome depended the possession of the Hood Trophy. Fortune frowned upon the Fords, who lost the deciding point on the 18th hole of the final match.

The match stood all even at three and three after the first two foursomes posted their scores. Tom Graff (no. 1) and Bill Mohn (no. 3) both overwhelmed their Garnet opponents 7 and 6, while Dusty Rhoads (no. 2) and Bob Shearer (no. 4) lost out in tight duels. The Graff-Rhoads combine won their four-ball match 1-up, but Mohn and Shearer both three-putted the last two greens to give Swarthmore the third point. Thus the team winning two points in the final foursome would win the match. Runcie Tatnall had long since won his battle when

the 17th was reached, where Jack Holcombe was defeated 3 and 1. However, their best ball match was still undecided as they teed off on the disastrous 18th. On this par 5 "dog-leg," the Mainliners had tree trouble, lost the point, and the match went to Swarthmore, 5-4.

Nevertheless the team ended with a respectable .500 record, which included victories over Villanova, Drexel, Ursinus, LaSalle and Rutgers. Four letter men are returning this spring: Captain-elect Tom Graff, Bill Mohn, Dusty Rhoads and Jack Holcombe. Both Graff and Mohn play consistent par golf and had excellent individual records last year. This nucleus will be joined by Paul Sterner, Bill Miller and Johnny Travers for the trip south, where they will meet North Carolina, Virginia, and the Quantico Marines.

# FENCING

ONLY A SINGLE POINT loss to Princeton prevented this team from having an undefeated season. The Fords swept through all their other matches for a record of six and one.

Opening against Temple, Haverford won a hard fought match 15½-11½. The epee team of Sam Hudson, Dave McCarn, and Bob Moran starred as they held the Owls to 1½ points. The Fords then defeated Lehigh 16-11, and Johns Hopkins 15-12.

Princeton was next. The Tigers were confident, but Dave Rowe and Tom Todd combined to win in foil 5-4. In epee, the Fords won only three, and trailed 10-8. Karl Spaeth led off with a win in saber, but Paul Kelly lost a close one. Captain Dave Tolan and Spaeth both won to tie the score at 11-11. Tolan's second win put the Fords ahead and within two points of victory. However the Princeton squad

rallied to win the next three bouts and the match 14-13.

Regaining winning stride, the Fords defeated Penn 14-13. The epee squad regained the form that had beaten Temple. The foilsmen Rowe, Todd, and John Moritz were also effective, and Kelly put the match in the Haverford bag with two brilliant wins in saber. The Fords then breezed by Delaware 24-3, and Lafayette 18-9 to finish a successful season.

Dave Rowe was again high scorer for the year. In losing only two bouts, he brought his two-year record to 32 wins and 3 losses. Captain Tolan gained distinction for himself by winning the Junior Division AFLA saber championship of Philadelphia. At this writing, Tolan, Rowe, and Hudson are preparing for the intercollegiate championships at West Point.

# NAUTICAL CLUB

AFTER A THOROUGH REORGANIZATION last spring, the Nautical Club started off with a new face and new spirit. With Joe Sener at the helm, the club began operations on a year-round basis. Meetings are held bi-weekly and they include the study of tactics and the finer points of seamanship, and occasional speakers and movies. Minor varsity awards are granted and there is now sailing in both fall and spring. Daily trips are made to Essington, where the club's four boats are harbored. Working with "Penguin" dinghies, members get practical experience in the handling and maintenance of boats. Those who have not yet received the classification of skipper receive training, while the members of the racing team practice for the regattas.

While the reorganization has broadened the ac-

tivities of the club, it also has brought more satisfactory results in the regattas. Meeting stiff and often well-coached opposition, Haverford has done well. Traveling to Boston, New York, Annapolis and Washington, the team sails against such colleges as Navy, Army, Penn, Cornell, Princeton and George Washington. In two trips to Washington, Haverford sailed to second places in a quadrangular meet last spring, and again this fall in a field of eight teams. The Fords also entered the competition for the Shell Trophy at M. I. T., and placed sixth among eleven in the Middle Atlantics at Navy.

The club, now under the command of its number one skipper, Bruce MacIntosh, is hoping for even better results as it faces the spring schedule of seven regattas in almost as many weeks.

*First Row: Cole, Parran, Whitall, Sener, MacIntosh, Daudon, Dodge. Second Row: Flint, Pollard, Dewees, Conant, Parke, Seligsohn.*

# CRICKET

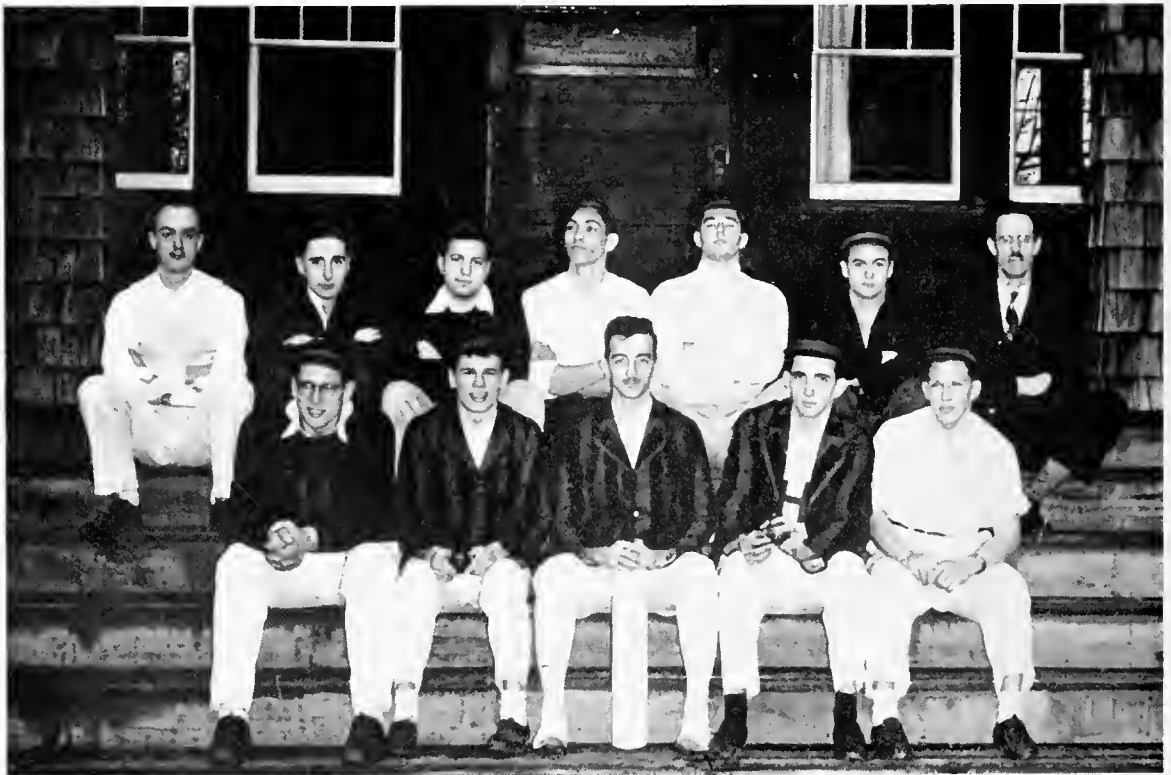

HAVERFORD cricket is almost as old as Haverford itself, for it was introduced in 1838 by William Carvill, the English gardener who landscaped the campus. In 1856 the Haverford team made history by defeating Penn in the first intercollegiate cricket match held in this country. We have produced many fine teams since that time, but at Haverford, as in the whole country, cricket as a popular attraction has been replaced by faster-moving sports with greater crowd appeal. But the game remains deeply rooted in our tradition; and the springtime picture of white-flannelled cricketers on Cope field is an integral part of the Haverford scene.

Last spring Coach Howard Comfort had several experienced men as the nucleus of his squad, as well as a surprisingly large group of beginners. Out of the two he was able to mold a team which was undefeated in intercollegiate competition, and which showed up well against the more experienced Philadelphia clubs. Haverford retained its collegiate championship by nosing out Ursinus and won two victories from Lincoln University, Fairmount, General Electric, and Antilles, all local clubs, proved too powerful, but Haverford defeated Jim's XI, gained a sur-

prise victory over an experienced Brooklyn team, and closed its season by beating a strong Alumni aggregation for a final record of six wins and six losses.

The team's batting strength centered in Evan Jones, who ran up some of the season's highest scores, and John Hobart, who was always aggressive and usually reliable. Mal Lash and beginner Bob Kirk were strong and dependable in the middle of the batting order, and the powerful if sometimes unorthodox bats of Gordie Baldwin and Horatio Wood put punch into the tail. Jones's guileful off break spinners and the consistent left arm attack of beginner John Brownlee paced the Ford bowling, with able assistance from Hobart and Joe Brownlee. Haverford always played a strong fielding team, sparked by Kirk, Baldwin, and Captain Joe Brownlee. Dave Tolan and Paul Steere were strong all-around players and several times batted the Fords out of a bad spot.

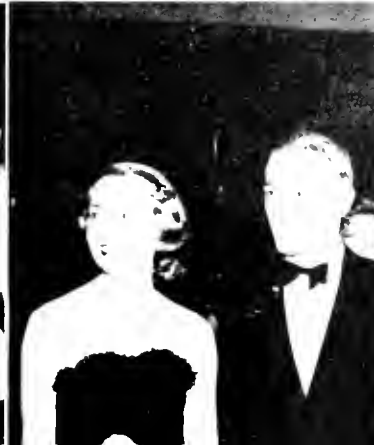

This year the Haverford squad, which loses only one letterman, will field a powerful and experienced team, and under the skillfull direction of Captain Brownlee can look forward to a successful season.

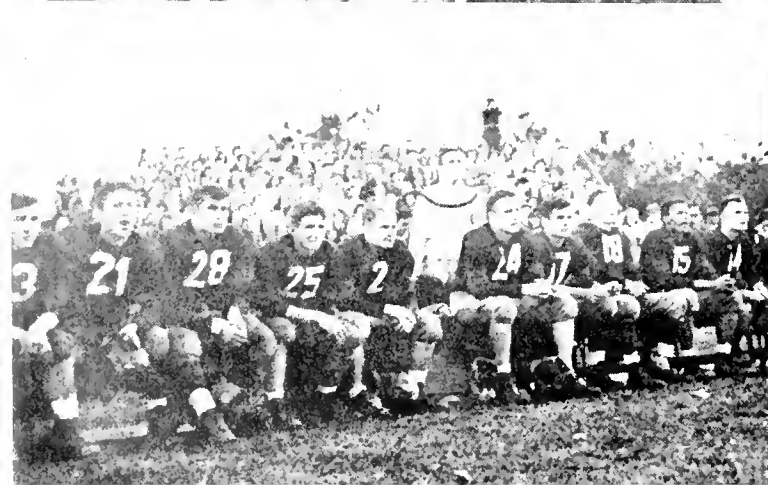

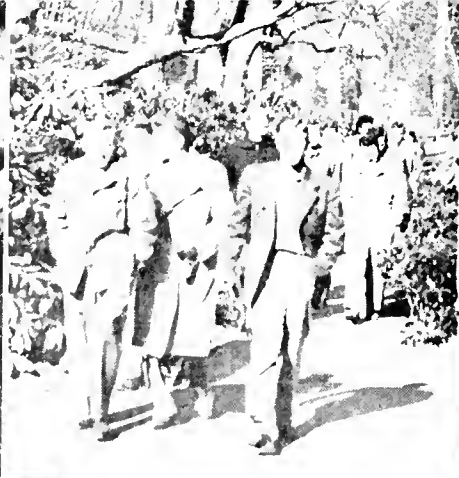

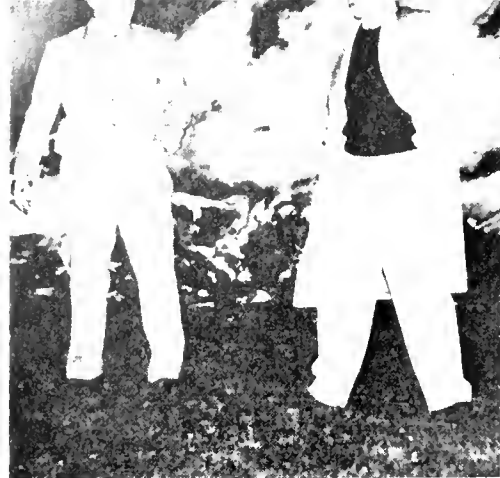

*First Row: Lash, Hobart, Joe Brownlee (Capt.), John Brownlee, Baldwin. Second Row: Cornell, Barrows, Traccarella, Jones, Wood, Reynolds, Coach Comfort.*
